# How to use UniGuard®

Single use pen needle remover

Follow the steps below when using **UniGuard®** to remove pen needles.

1. Hold the **UniGuard®** between the thumb and forefinger of one hand. Then push the pen down firmly until the pen clicks into place on the cradle.

Do not push the pen into the UniGuard® tip first.

2. A. Push the pen forwards until it clicks again.

    B. Squeeze the **UniGuard®** tightly, unscrew the pen needle and pull the pen away.

3. Push the safety flap up firmly until it snaps shut with an audible click.

4. Dispose of the **UniGuard®** in a sharps bin in accordance with local regulations.
