Autopen[®]
Insulin Delivery Pens

More reasons to smile

Autopen®

Insulin Delivery Pens

Everyday thousands of people have to inject themselves with insulin. **Autopen®** has been designed to make this experience as easy as possible with a side-mounted firing button and ultra-low injection force needed to inject the insulin*.

Compatible with all major brands of pen needle.

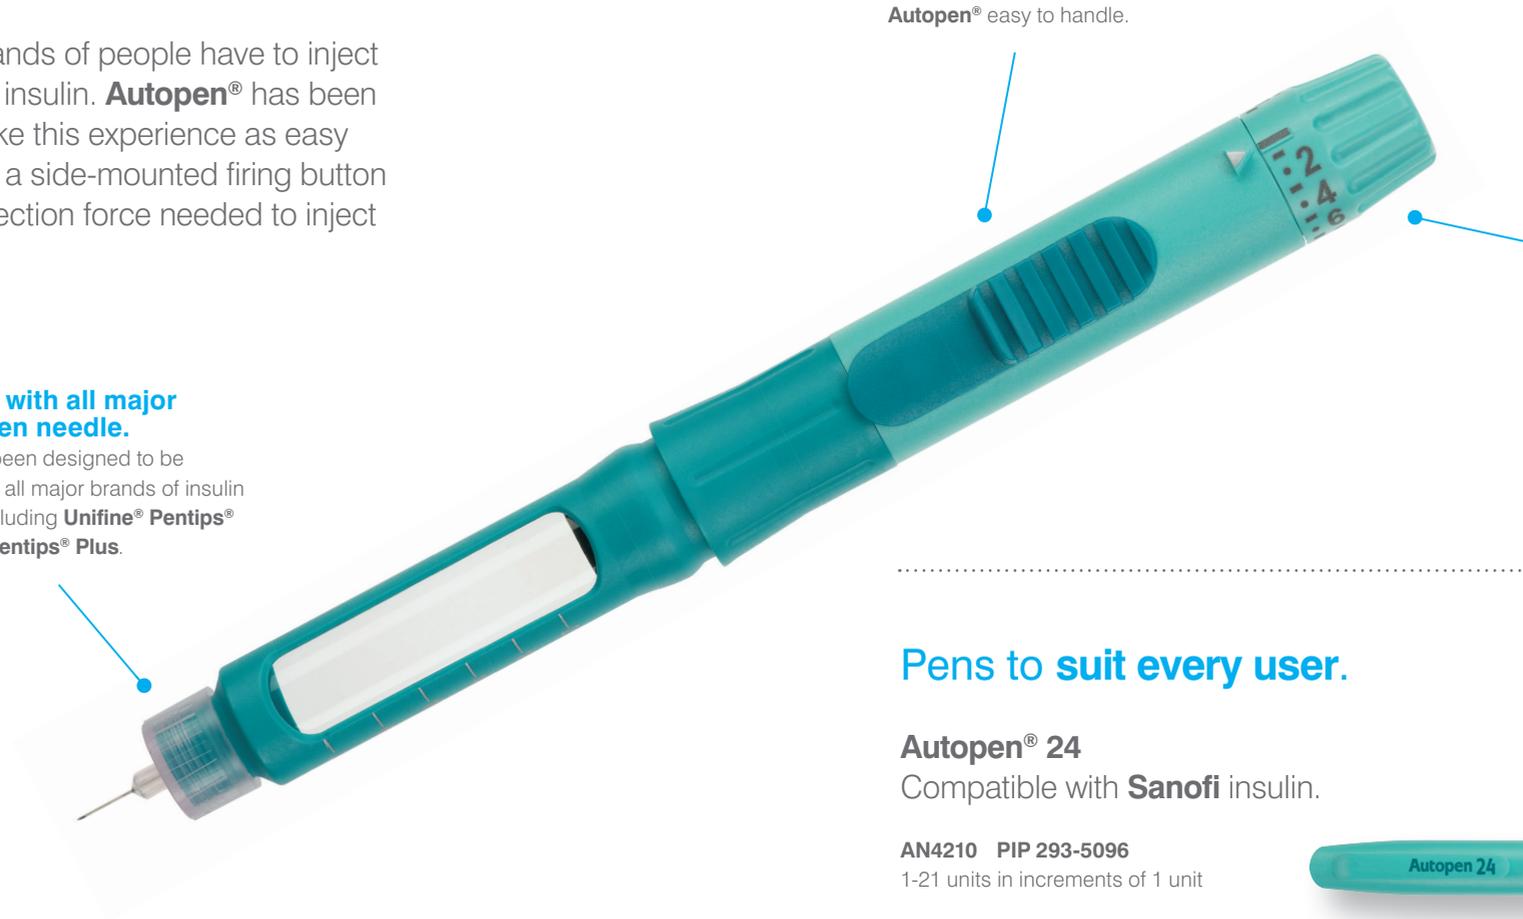

Autopen® has been designed to be compatible with all major brands of insulin pen needles including **Unifine® Pentips®** and **Unifine® Pentips® Plus**.

Side-mounted firing button.

The side-mounted firing button makes **Autopen®** easy to handle.

Automatic insulin delivery gives an ultra-low injection force*.

No matter what size dose of insulin needed, minimal force is required to deliver the insulin.

* Data on file.

Pens to suit every user.
